REQUEST FOR INFORMATION

The examiner of record has been informed that the reexamination(s) and related litigation delaying the prosecution of this application have officially ended. Accordingly, since the last office action was mailed on March 6, 2002 and there has been a great amount of investigation concerning the subject matter disclosed in the pending claims, it would be prudent to present in this official document a "Request for Information" before officially re-starting prosecution of the pending claims.

Accordingly, the examiner respectfully invites applicant to submit prior art and other evidence considered relevant to the examination of this application obtained during the prosecution of related reexaminations and court cases. Additionally, in order to avoid any further delays in the prosecution of this application, amendments placing the claims in condition for allowance in view of (1) the prior art requested, and (2) the conclusions reached during related reexaminations and court cases are certainly welcome.

The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained may be accepted as a complete reply to the requirement for that item.

This requirement is subject to the provisions of 37 CFR 1.134, 1.135 and 1.136 and has a shortened statutory period of 2 months. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Art Unit: 3763
